SAN FRANCISCO CHARTER

“By all these means we shall so wear down the GOYIM that they will be compelled to offer us INTERNATIONAL POWER of a nature that by its position will enable us without violence gradually to absorb all the State forces of the world and to form a Super-Government. In place of the rulers of today we shall set up a bogey which will be called the Super-Government Administration. Its hands will be of such colossal dimensions that it cannot fail to subdue all the nations of the world.”

--Protocol 5.

The Zionists organized the Third International for the propagation of communism throughout the world and financed the organization with the resources of the Russian government. At the time of the outbreak of World War II the government maintained a standing army of 8,000,000 men for the purpose of promoting communism.

Because of the inhuman cruelty of the Bolsheviks and their avowed purpose to communize the world, the bolshevik government was black-listed by every country of the world, including our own, until

recognized by President Roosevelt. In doing so, he is alleged to have obtained the express agreement that the Soviets would not attempt to communize America, which agreement they promptly and flagrantly disregarded. This recognition by Mr. Roosevelt was followed by recognition by Britain, France and other countries.

BOLSHEVIKS THREATEN TO OVER-RUN THE WORLD

Prior to World War II the Bolsheviks waged war against Poland and Finland separately for the purpose of bolshevizing them, and were defeated by both of them, acting separately. They were being ingloriously defeated by Germany until we went to their rescue. **The Bolsheviks have now extended their dominion to Finland, Estonia, Latvia, Poland, Austria, Hungary, Germany, Czecho-slovakia, Yugoslavia, Romania, Bulgaria and China. They seriously threaten France, Italy, Greece, Spain, Portugal, Holland, Belgium, Norway, Denmark, Sweden, Turkey, Manchuria and Korea.**

BRITISH EMPIRE A DISGUISED ZIONIST EMPIRE

The British Empire is a Zionist Empire in disguise. The king and the cabinet are only window dressing. The government is the prime minister who is controlled by the privy council which in turn is controlled by the Zionists. The Jews owned everything in the British Empire worth owning: the railroads, banks, insurance companies, hotels, newspapers and factories, the export and import trade, and the whiskey trade; (and that is substantially true in America); and the opium trade of China and India. They built the British Empire by employing the British Navy and Army for the conquest of weak countries. They recently sold the Bank of England other properties to the British Government.

The English historian Hillaire Belloc says of the British Jew:

“The Jew might almost be called a British agent upon the Continent of Europe, and still more in the Near and Far East, where the economic power of England extended even more rapidly than her political power. And the Jew pointed to the English State as that one in which all that his nation required of the goyim was nowhere to be found. He here enjoyed a situation the likes of which he could not hope to enjoy in any other country of the world.--All antagonism to him had died down. He was admitted to every institution in the State, a prominent member of his nation became chief officer of the English Executive, and, an influence more subtle and penetrating, marriages began to take place, wholesale, between what had once been the aristocratic territorial families of this country and the Jewish commercial fortunes--English family in which there was no Jewish blood were the exception.”¹

The change of Government has no effect on the privy council. It continues without Jewish change no matter whether parliament and the prime minister are conservative, liberal, or labor. The privy council is always made up principally of Jewish members of the House of Lords. Mr. Belloc says that the House of Lords is of Jewish complexion and appearance. He also says:

¹ The Jews, page 223.

"In nearly all of them (English families) the strain was more or less marked, in some of them so strong that, though the name was still an English name and the traditions those of a purely English lineage of the long past, the physique and character had become wholly Jewish and the members of the family were taken for Jews whenever they traveled in countries where the gentry had not yet suffered or enjoyed this mixture."²

Mr. Belloc further describes the political conditions that existed at the time of publication of his book in 1922 as follows:

"Every English government had (and has) its quota of Jews. They had entered the diplomatic service and the House of Lords; they swarmed in the House of Commons and in the universities . . . They were all powerful in the press; they were all powerful in the city (London)."³

There were then sixty Jews in the House of Lords and most of the balance were hybrids.

How similar to conditions that exist in this country, and particularly in New York. England is a country from which the Jews (17,000 of them) were expelled under penalty of death in the 12th century, and that had been entirely free of them until the 16th when they were permitted to return. There were only 30,000 of them in the British Isles as late as 1830 and they were not allowed any privileges of citizenship; they could not vote, hold office, practice law or medicine, or teach in the schools.⁴ . Now they virtually own and operate the British Empire. Such is the power of money.

UNION NOW

There is a well organized and financed movement to bring about "Union Now" between the United States and the British Empire by "Federal Union, Inc.," of which Clarence K. Streit is president. It was reported in

² Congressional Record August 20, 1940.

the press April 5, 1943 that Justice Owen J. Roberts wrote Mr. Streit that “you can put me down in the list of supporters of the ‘Union Now’ idea.”⁵

FEDERAL UNION, INC.

For many years there has been a society called the “American Pilgrims” with the same objective. This society may still be in existence but it is probable that it was merged with the “Federal Union, Inc.” In 1940 its officers were Nicholas M. Butler of Columbia University, president; Herbert L. Satterlee (brother-in-law of J.P. Morgan), and Jas. W. Gerard (former Ambassador to Germany), vice presidents. The Executive Committee was composed of Thos. W. Lamont, Owen D. Young, Myron C. Taylor, Gages W. McGarragh and other rich men of more or less prominence.⁶

The sole and only purpose of these organizations was and is to reunite the United States with the British Empire. Should we become a part of this union “our traditional rights and liberties will be lost and we will have no better status than a British possession.” In that case the overall governing body would be the King of England and his Privy Council and Cabinet and the British Parliament. The latter is composed of a House of Lords and House of Commons.

THE BRITISH-AMERICAN EMPIRE

Suppose we save the British Empire. What then? We will probably have two empires with the Zionists in control of both of them that will later be merged into one,—the super-government for which they are striving. One of these empires will be the Bolshevik Empire composed of the greater part of Europe, Asia and Africa; the other the British-American Empire composed of the Americas and maybe some small remnants of the eastern hemisphere.

⁵ Congressional Record, May 4, 1938, p. A2308.

⁶ Congressional Record, August 19 and 20, 1940.

Mr. Churchill had the cold nerve to assert that the Japanese war was our war and to loyally and piously promise to stay with us to the end. What did we get out of it? Nothing; absolutely nothing, except the preservation of the British Empire and the extension of the Bolshevik Empire.

Let Europe, Asia and Africa have the sort of governments they want without let or hindrance from us. If they prefer Russian Jewish Bolshevism to British Jewish imperialism, that is their affair and not ours. We should return to our ancient moorings, viz: constitutional government, isolation, and the Monroe Doctrine.

ONE WORLD

The purpose in view in the United Nations Charter and the League of Nations was to create a Zionist World Government. The president of the League of Nations, when it ceased to operate, was the Russian Jew Bolshevik Maxim Litvinoff. The managing officer of the United Nations is the Norwegian communist Trygve Lie. It will not be long until the Bolsheviks control the United Nations and not long thereafter until they control all of the nations and peoples of the world. Our state governments will disappear and our national government will be only a state province of a super-state.

AMERICANS UNITED FOR WORLD GOVERNMENT, INC.

The communists have incorporated the above named company for the promotion of world government, with Walter Wanger, a Hollywood motion picture producer as President.⁷ This scheme appears to have originated with our former Secretary of State, Ed R. Stettinius, partner of J.P. Morgan & Co., or at least with his blessing. His former special assistant, Thos. K. Finletter was chairman of the board and Arthur J. Goldsmith secretary. The following reds and pinks were among the directors: James P. Warburg of Kuhn, Loeb & Co., Marshall Field, Jr., Darryl F. Zanuck, Frank P. Graham, former president of North Carolina University. The following "leftist" gentlemen were among the promoters

⁷ Hancock Adams. See November 1946 issue of National Republic.

of the institution: Isadore Lubin, former economic advisor to President Roosevelt, David Dubinsky, Jas. G. Patton, president of the Farmers Union, C.B. Baldwin of the P.A.C., Re Stout and others.

The company was reported to have headquarters in New York City and Washington, D.C., and fifty chapters throughout the country. Mr. Adams states that,

“There are nearly 200 similar organizations all working toward the world government goal--and that they have promoted the idea of the world bank, lend lease, a world P.P.A., UNRRA, world control of communications and flows of trade, world control of education, of labor unionism, and radio press.”

What a formidable array of wealth and power against our system of government and the unorganised American people!

He further says that,

“Their policy is to establish world government through amendment to the United Nations charter, a document which it considers to be only the first step in the direction it wishes to take. How they are to do away with the American Constitution is not stated but presumably by circumvention or by dissolving it.

They now pretend that they want to establish a United Nations to prevent war but that is not their purpose. Their objective is to establish a world government. The terms of the charter as it was written are of small consequence for they will be changed. The world bank was established with the Jew Eugene Meyer at the head of it; a world atomic commission with the Jews L.L. Straus and David Lilienthal at the head of it; and U.N.R.R.A. under the direction of the hybrid Jew La Guardia who used it to fatten Jews and starve Christians.

The magazine Time stated in its issue November 11, 1946,

“In Paris last week the United Nations educational, scientific and cultural organization (U.N.E.S.C.O) was

getting ready for its first organization; that is American members were selected by Wm. Benton (communist); that is American representatives are Archibald McLeish, Chester Bowles, Milton Eisenhower (brother of General Ike), Anna Rosenberg,” and others, all reds or pinks.

And that they propose to establish a United Nations radio at an estimated cost of \$250,000. It reports that the U.S. delegation will

“press for a conference to rewrite the world’s textbooks so that old ultra-nationalist misunderstandings would not be passed on to the school kids.”⁸

Of course. That is precisely what the communists are trying to do here in America. The other boards, bureaus and commissions will be organized in due course of time.

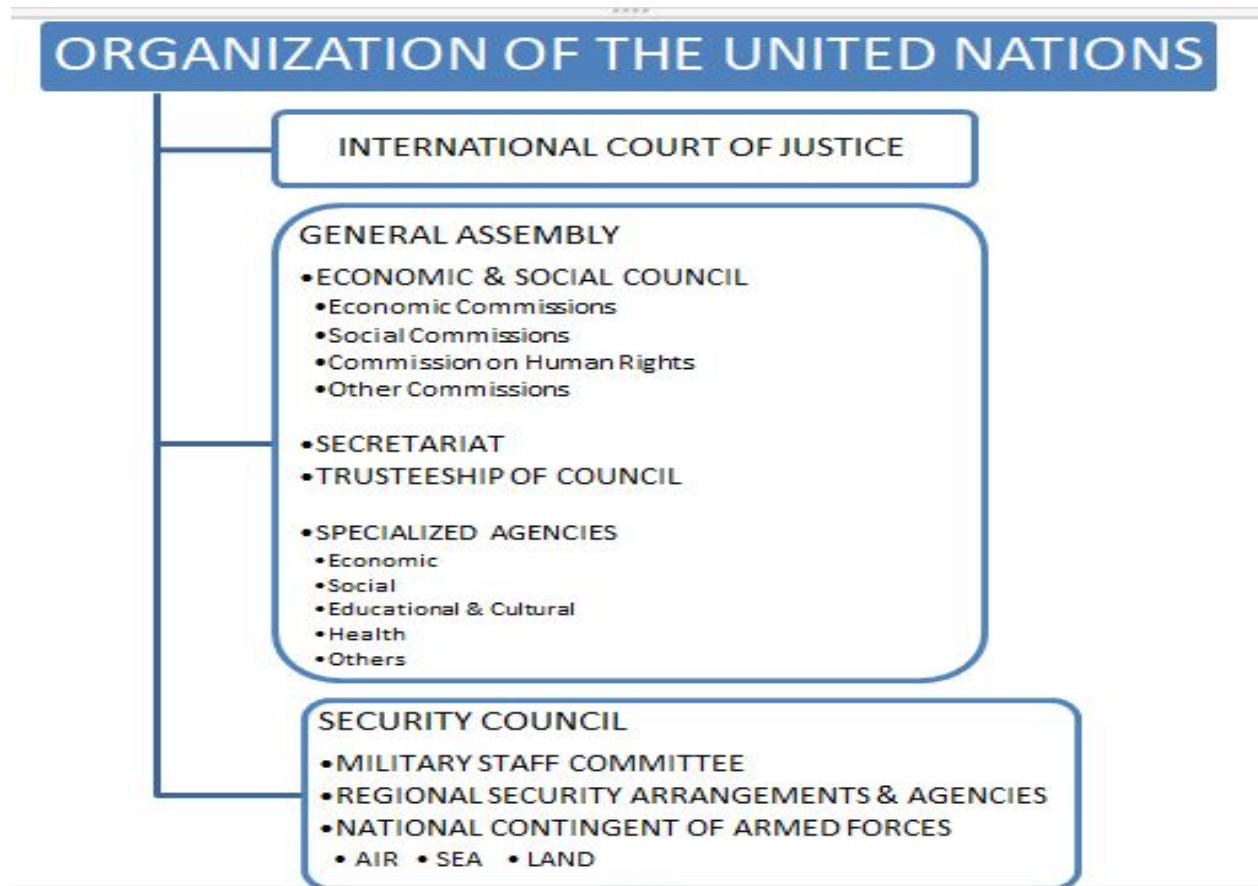

Mr. Adams says in his article that Henry Wallace in his Madison Square Garden speech indicated that there would probably be two worlds, one headed by Russia and the other by the U.S. but that it is the purpose of all the internationalists to establish only one. We have the “Union Nowers” with the British Empire. They are also dissatisfied with our isolationism and our Constitution and must destroy it in order to accomplish their purpose. It was stated by the Associated Press on November 14th that it is the policy of the present British Government to promote a “World Government, elected by the people.” We must choose between this world government and our national government founded on our Constitution.

The following is a chart of the proposed **ONE WORLD GOVERNMENT** as shown in the United Nations Charter under Chapter XIII “The Trusteeship Council.”

It will be observed that the “Economic and Social Council” will have much more power than our National Government has under our Constitution. It will have jurisdiction over everything that can be classed as “economic,” “social,” “educational and cultural,” “health,” and “others.” It will have

⁸ Liberty Magazine, December 4, 1945

all of the power that under our federal constitution we reserve to ourselves and to the states.

The above map is reproduced from the charter of the United Nations. It shows that this world government will have jurisdiction over our economy, our social relations, our educational institutions, our hospitals, doctors, and "others," meaning everything else. What more authority can be granted to it? It will wipe out every vestige of national and state governments--all for the pretended purpose of preserving peace that is being violated by the communists and which we can not stop except by war. Please bear in mind that the expenses of this elaborate world government are not to be paid equally by the people of the world, 49% is arbitrarily imposed on the people of the United States without their consent.

NEW YORK PEACE (?) CONFERENCE

A communist world peace conference was held in New York for three days during March 1949 under the auspices of the "Cultural and Scientific Conference of World Peace." It was attended by 23 accredited delegates

and by Gerhardt Eisler, American communists and communists from other countries. The State Department refused to admit a few of the British and French communists because they did not have proper credentials. It branded the convention as a “sounding board for communist propaganda,” but it could not have been held without the approval of President Truman and Secretary of State Acheson. It had an estimate 2,000 delegates and the convention was picketed by an estimated 5,000 patriots. It adopted the following resolutions:

1. To do everything possible to strengthen the United Nations as the best hope for peace.
2. To organize the sponsors of the conference into a “Cultural and Scientific Committee of the Arts, Sciences and Professions” for the promotion of the Socialistic Program.

SAN FRANCISCO CHARTER

The courageous columnist, Westbrook Pegler, attended the San Francisco Conference that set up the United Nations. He said of it that it looked like a great Semitic convention. The Jews flocked there from the four corners of the earth. The charter itself was written by the Jew Jacob Pasvolsky of our State Department. The spy Alger Hiss, also of the State Department, was there to assist him to get it adopted. The then Secretary of State Edward Stettinius was there, as was also Secretary of War H.L. Stimson. It was a great gathering of Jews and Jew stooges.

The charter established a socialistic super state which was intended to govern all of the peoples of the world, including the people of America; that will be its effect. Trygve Lie, a Norweigan socialist and the nominee of Stalin, is at the head of it. We are its main support and it is costing us in excess of \$100,000,000 annually.

The utter futility of the United Nations as an agency to preserve the peace is demonstrated by its refusal or inability to halt Soviet aggression in Europe and Zionist aggression in Palestine. The Soviet Union is endeavoring to starve the Germans into submission to Bolshevism and to drive the Americans and British out of Germany. It is an irony of fate that we must now depend on Germany to arrest the march of Bolshevism And to protect the British and ourselves from Communism. What a dreadful consequence of the war to establish the Atlantic Charter and the Roosevelt-Churchill "four freedoms." What a condemnation of the Morgethau-Eisenhower-Lubin plan to destroy Germany.

It is reported that the Zionists drove 500,000 Arabs from their homes and that they are destitute and sojourning in other countries. The U.N. did nothing about it except to send Count Bernadotte as a mediator, who obtained a temporary truce. It can do no more. Of what use is the U.N. if it is unable to protect a small country from invasion? The Arabs alleged that the Zionists bribed certain members of the Security Council of the U.N. to promote the partition of Palestine. Whether this was true or not the fact remains that it can be done;

...and the fact remains also that the Zionists have unlimited funds and do not balk at bribery or murder.

They killed the U.N. peace messenger, Count Bernadotte. The civilized peoples of the world were shocked and amazed. The friends of the Zionist State of Israel could not avocate its recognition until this atrocious act of barbarism and treachery was repudiated by the Zionist authorities, and accordingly they did so. They promised punishment of criminals and arrested some of them. The following is an Associated Press dispatch of their prison delivery, published in the Dallas News and other daily papers on October 11, 1948:

“Between thirty-five and forty of the prisoners, seized after the September 17 assassination of Count Folke Bernadotte the U.N. mediator, are still at large after a jail break Saturday that had a comic opera touch.

“The Sternists had disarmed their Israeli military police guards almost without resistance, roamed the streets at will for ten hours, shared looted beer with their former captors and bathed in the sea off Andromeda’s rock.”

The anti-Zionist Jews of course repudiated this flagrant treachery for it was unwise as well as criminally wrong. But obviously the Zionist Jews of Palestine did not, for there were not enough of them to guard the prisoners; for them it was a Roman holiday. They approved the murder and applauded the murderers as heroes. The worst of it is that they were taught to do so by their rabbis, and this dastardly act is justified by their bible, the Talmud, and their religion.

This assassination is characteristic of the Zionist Jews. It is what they did to our Saviour Jesus Christ who sought to reform them. It is what they did to British soldiers who sought to provide a home for them in Palestine and to protect them from the Arabs. They have been taught by their rabbis and their Talmud that they are God’s chosen people, that all other peoples are their inferiors, that God intended that they should possess the wealth of the world and to rule it.

Gold and world empire are their religion. They are taught that the gentile (Goi) are heathen without rights and they are entitled to own them as slaves; that it is no crime to steal from them, to lie to them and to murder them. In fact, that these are commendable acts if they stand in the way of their ambition. These purposes are clearly revealed in their Talmud and Protocols, the distribution of which they suppress.
